NLRA – Light Rail Study Trip to Krakow and Warszawa 26.-29. May 2019

In the week up to “Kristi Himmelfart” the Nordic Light Rail Association offers a 3-Days-Lightrail-Study Trip to Poland (Krakow and Warsaw) where we try to visit the traffic companies in both cities, the tram simulator at Krakow University and the producer MEDCOM on our way to the Airport. There will be some time for the wonderful city of Krakow as well. The trip starts at Krakow Airport and ends at Warsaw Airport. Delegates have to organize their flights to Krakow and from Warsaw themselves. SAS and Norwegian (maybe others like Lot) are offering direct flights between the Nordic countries and Krakow + Warszawa. With the registration for this trip the delegates as an individual or their company will get a member of the NLRA, if you not are already a member.

Program with Status 12.3.2019, Changes may occur.

Sunday, 26th May 2019

Delegates arrive in Krakow. Dinner (on own account)

Monday 27th May 2019

Visit at MPK Kraków (incl. depot) and Tram simulator on TU Kraków from the morning hours, depending on availability. Free time in Krakow. Dinner and overnight stay in Krakow.

Tuesday 28th May 2019

Train to Warsaw at 07:55. Visit to TW (Warsaw Tram operator), workshop, dispatch & control center, maybe tram simulator, presentation in Central workshop/offices. Depending on time available other visits may be possible. Sometime in Warsaw and dinner (on own account).

Wednesday 29th May 2019
